

HOWARD FISHMAN – Candidate Statement

Candidate for Hermosa Beach City Council
Municipal Election
Member of the City Council

Occupation: Public Sector Consultant

I was elected to the Hermosa Beach City Council in 2005 receiving over 2,000 votes.
Thank you.

Unfortunately, on Election Day, my wife was diagnosed with terminal cancer. I resigned my seat to care for her until her death 2 years ago.

Please support my 2009 campaign.

I am a 29 year home owner, widowed with a 23 year old son. I have a BA in Political Science from Brooklyn College and a MA in Criminal Justice from John Jay College.

I have almost 30 years of public sector experience and work as a Risk Management Consultant for two South Bay cities.

I served on the Hermosa Beach Parks and Recreation Commission and Little League Board. I created “Friends of the Parks,” a foundation that continues to donate funds to the City for park improvements.

I am a board member on the Hermosa Beach Historical Society and secured funding and consulting grants. I also have memberships with the Chamber of Commerce and Sister Cities Association.

My focus will be on budget stabilization, supporting Police/Fire, creating a stimulus package for new and existing businesses, street maintenance and repair and strengthening relationships with the schools.
